

{ Daniel Visentin }

Native of Grasse, Daniel Visentin started his career in 1976 at Robertet. This date will mark his encounter with the world of perfumery.

Trained in-house, he first worked for the creation of raw materials and odor control before becoming Perfumer in 2001.

Its activity will lead him throughout his career working on projects through the Group's various subsidiaries Robertet such as China and India, countries that he is fond of particularly.

Daniel likes to work with oriental notes, sandalwood, vanilla, the oud is also one of his favorite raw materials.
